CHOSE TANNER COMMANDER

NEW HEAD OF GRAND ARMY ELECTED

Encampment Will Meet in Min- neapolis Next Year—Other Officers Chosen by the Con- vention.

Denver, Sept. 8.—The Grand Army to day elected:

Commander-in-chief—Jas. Tanner, New York.
Senior vice—George W. Cook, Denver.
Junior—Silas H. Towler, Minneapolis.
Surgeon general—Hugo Philler, Wauke-
scha, Wis.
Chaplain-in-chief—Rev. Father J. G.
Leary, Chapman, Kan.
Minneapolis was chosen as the next
meeting place.

The contest for commander-in-chief was the most interesting feature of the session to day and when the result was announced delegates leaped from their seats, shouting and cheering and throwing their hats in the air. While Tanner was being escorted to the stage delegates made a rush for him and, lifting him on their shoulders, carried him bodily to the rostrum. The delegates then rose on mass and cheered for several minutes.

In a brief speech Corporal Tanner thanked his comrades. "There's one man," he said, "whose esteem and assistance it is necessary for the soldiers to have. There are three men in the en-
campment whom I will call in council in meeting President Roosevelt."

Another great shout went up as Corporal Tanner indicated the person he referred to in his veiled remarks; and when it died down he said that he expected to have the beneficent counsel in all his undertakings as commander-in-chief of Senator William Warner of Missouri, Gen. John C. Black of Chicago and Gen. Granville M. Dodge of New York.

The convention proceeded to balloting for other officers. George W. Cook, of Denver, the only nominee for senior vice, received an ovation when his unanimous election was announced.

For junior vice James G. Everest, of Illinois, and Silas H. Towler, of Minneapolis, were candidates. Everest, 29; Towler, 32.

For surgeon general Hugo Philler, of Wisconsin, received 62; Fred Brothers, of Nebraska, 20.

The vote for chaplain was close, Father Leary, of Chapman, Kan., winning from Jesse Cole, of Iowa, by 232 to 229.

Previous to the election a letter from President Roosevelt to Commander-in-Chief Kline, asking him to "extend my warmest congratulations to comrades there assembled and say to them how I regret I cannot in person meet them and express the affection and regard I feel for them," was read, and a telegram in reply was sent.

Recommendations in the annual report of the commander were approved, as were also those made by other officers.

The new commander-in-chief announced appointment of Lieut. C. John Tweedale, adjutant general; Allen C. Bakewell, New York, national patriotic instructor; Thomas G. Sample, Allegheny, Pa., member of the council of administration.

Among members of the council of administration are: Illinois, Thomas W. Scott, Fairfield; Iowa, J. S. Lathrop, Society; Michigan, Charles Foot, Kalamazoo; Missouri, G. M. Stettin, St. Louis; Nebraska, James D. Gage, Milford.

The Woman's Relief corps elected: President, Mrs. Abbie A. Adams, Superior, Neb.; senior vice, Julia S. Sine, Chicago; junior, Eunice Mungler, Oklahoma City, O. T.

The Ladies of the Grand Army elected: President, Ruth E. Foote, Denver; senior vice, Margaret Stevens, New Jersey; junior, Minnie Barum, Minnesota; chaplain, Anna Weaver, Iowa.

Daughters of Veterans officers: President, Miss Bertha Martin, Massachusetts; senior vice, Miss Clara Hoover, Chicago; junior, Miss C. Leighton, Boston.

Army Nurses elected: President, Fannie T. Hagen, Cambridge, Mass.; senior vice, Charles F. Dye, Philadelphia; junior, Frederick J. Cole.

Milwaukee, Sept. 8.—So far as business to come before the annual encampment of the United Spanish War Veterans is concerned, the reunion is at an end. Charles R. Miller, of Cleveland, was elected commander-in-chief; John M. Harland, of Buffalo, senior vice, and E. D. Kirk, of California, junior. The next reunion will be held in Washington.

The ladies' auxiliary elected Mrs. Mary E. Godney, of Mount Vernon, N. Y., president, and Mrs. Jessie Booth Perry, of Chicago, vice president.

Concord, N. H., Sept. 8.—Letters from Russian and Japanese peace plenipotentiaries on the eve of their departure from this country, which accompanied checks of \$10,000 each for charitable purposes in New Hampshire, were made public to day by Governor McLane. ALL ITALY SUFFERING.

Rome, Sept. 8.—All Italy is suffering from terrible depression because of news from Calabria, where one of the worst earthquakes ever experienced occurred to day. Although the earthquake was felt all over Calabria and to a certain extent over Sicily, the worst news comes from Pizzo and Montecore and from eighteen villages which are said to have been completely destroyed. According to latest news received, 370 persons have been killed and a great number injured. It is impossible to even estimate the property losses.

The shock was felt at 2:55 this morning. It lasted eighteen seconds at Catanzaro and soon thereafter was felt at many other points. Scenes of indescribable terror ensued. Women aroused from their sleep rushed half clothed into the streets, screaming with fear, carrying their babies and dragging along their other children and calling for help on the madonna and saints. Men escaped into the open with their families, all calling on their favorite saints for protection. Cafes were taken by assault by the strangely garbed crowd, but as daylight broke without a repetition of the earthquake the crowd gradually melted away until by 8 o'clock the streets had almost assumed their normal appearance except for ruined villages where inhabitants had no homes to go to. The general confusion was added to by dreadful cries from jails, where prisoners were beside themselves with fright, and in some cases mutilated, but fortunately all prisoners were kept within bounds.

Troops, engineers and doctors have been hurried to the scenes of the disaster to assist in the work of rescue.

FIGHTING AT BAKU

Baku, Sept. 8.—Street fighting continued until late last night. Consulates, banks and government buildings are guarded by troops. Balakhan was completely burned out after Tartars had plundered it of everything valuable. Fierce fighting and great slaughter occurred at the Balakhan hospital, where a thousand Armenian workmen gathered. General Shinkin sent a detachment of artillery with three guns to the scene. The commander of the detachment summoned the crowd to surrender. The latter replied with a volley of stones and some shots, which killed one gunner. The troops thereupon opened fire, shells crashing into the hospital, killing a number of men and wrecking the building. The maddened crowd charged the guns and captured them after deluging the gunners with burning oil. The latter then fled. Cossacks and infantry reinforcements attempted to recapture the guns, but were driven back by the suffocating smoke.

MOROS PACIFIED.
Washington, Sept. 8.—Major General Wood, commanding the department of Mindanao, in his annual report states the general condition of affairs in his department is very satisfactory and has been greatly improved during the last fiscal year. A few small disturbances took place as a rule caused by fanatical Mohammedan priests, but the Moros have been pacified to such a degree that American officials may safely travel in any part of the island where formerly a strong guard was necessary.

Oyster Bay, N. Y., Sept. 8.—The emperor and empress d'wager of China have extended to President Roosevelt their congratulations upon the success of the president's efforts to establish peace between Russia and Japan "to promote the welfare of mankind" and extend to Roosevelt their hearty felicitations on his "grand achievement."

CRIMINAL PROSECUTION

AGAINST CONTRACTOR AND INSPECTOR

Accused of Conspiracy to De- fraud the Government in Furnishing Supplies to Arse- nal—Investigations Ordered

Washington, Sept. 8.—Criminal prosecution of Morris Busch, contractor, and Robert Charlton, inspector, was ordered to day by Acting Secretary of War Oliver. This action was contained in directions to Judge Advocate General Davis to prepare the necessary papers for this prosecution and submit them to the department of justice. Busch holds contracts with the quartermaster's department to furnish fur caps and gaiters to be delivered at the Schuylkill arsenal, Philadelphia. The order for the prosecution is taken on the strength of the report recently made by Maj. J. F. Strong, acting inspector general, in which it is shown that a conspiracy to defraud the government exists between Busch and Charlton.

Besides criminal prosecution, Secretary Oliver directs that Busch shall be compelled to complete his contract with the government under penalty of a civil suit for damages. He also stipulates that if any inferior articles are furnished the government by Contractor Edwin H. Taggart under his contract he shall be required to replace the inferior goods under penalty of a civil suit for recovery of money paid. Secretary Oliver has ordered an immediate investigation of important deposits containing army supplies at New York, Boston, Philadelphia, Jeffersonville, Ind., San Francisco, Seattle and other places.

Philadelphia, Sept. 8.—Morris Busch, the contractor against whom criminal prosecution is ordered by the war department, is a common councilman of this city. Charlton, recommended for prosecution, is an employee of the Schuylkill arsenal.

Before the trial was completed Berge decided to plead guilty to one of the three charges against him, on condition the other two would be dismissed. He did so and paid a fine of \$25.

Philadelphia, Sept. 8.—Dr. Irwin, chief of the government quarantine station at Reedy Island, Delaware, forty miles below Philadelphia, stated to day one of the crew of the steamship Shavut, from Port Tampa, is suffering with a disease resembling yellow fever. The entire crew was ordered into the hospital for observation. The ship is held in quarantine and fumigated.

INSURANCE INQUIRY

Question of Salaries Paid Om- nibus Comes up at Investi- gation

New York, Sept. 8.—The salaries paid officers of the New York Life Insurance company were the subject of opening inquiries when the insurance investigation was resumed to day. Edward Randolph, treasurer of the New York Life, testified the salary of President John A. McCall had been increased from \$40,000 in 1902 to \$100,000. The salary of George W. Perkins, vice president, was increased from \$20,000 in 1903 to \$75,000 in 1904; then reduced to \$25,000 in 1905. The reduction was due to Perkins going into partnership with J. P. Morgan. Randolph's statement of salaries of other officials showed a steady increase.

The line of inquiry extended through all details of the company's participation in various underwriting syndicates for rail-road securities, the New York Life's connection with trust companies, and finally near the close of the day developed the fact that it was not an unusual thing for clerks or messengers in the employ of the company, with salaries as low as \$500 a year to sign notes for millions of dollars to be used by the company in relieving its books of undesirable securities.

An interesting feature of the day was the statement that Thomas W. Lawson, of Boston, might be called a witness. The committee's chairman said if the information Lawson is supposed to hold could not be secured from other sources Lawson would be asked to testify.

Officers of the New York Life testified to day that on one occasion it became necessary for the company to sell certain securities in order to satisfy the Prussian government. Two clerks signed notes aggregating \$2,335,000 and on the books the securities appeared as sold to these parties, although they really had been turned over to the New York Trust company as security for a loan made on the notes of the two insurance companies.

It was declared that since 1899 the New York Life had not been connected with trust companies, but subsequently it was admitted stock of the New York Trust company is now held for the New York Life by a committee of trustees. The New York Trust company is a connection of the New York Security and Trust company and Continental Trust company.

IMPROVEMENT SATISFACTORY

TRADE HELPED BY MA- TURITY OF CROPS

Industrial Progress Broadening; Jobbers Doing Good Business and Few Complaints of Col- lections.

New York, Sept. 8.—Dun's review of trade says: Commercial news continues most satisfactory, improvement being reported in almost every case, except a further decline in prices of securities. Crops are being harvested under most favorable conditions and a few weeks more without severe frost will put corn and cotton beyond danger. The industrial progress is accelerated by a broadening demand for iron and steel products, textile mills and shoe factories are well occupied, while the demand for material textiles to extension between operations. Jobbers in many lines are unable to handle the business offered by visiting merchants, although packing and shipping departments are often worked overtime. Retailers report wholesome distribution of staple merchandise and there are comparatively few complaints regarding collections. Some congestion of traffic is noted and railway earnings in August were 6.5 per cent larger than in the same month in 1904. Foreign commerce at this port for the week showed a gain of \$1,248,400 exports and \$207,122 imports compared with a year ago.

PAIDERS' WEEK.

Failures for week were 180 in the United States, against 800 last year.

BRADSTREET'S REPORT.

New York, Sept. 8.—Bradstreet's review of trade conditions, says: Wholesale distributive trade, already of full volume, has received a new impetus this week from general assurance that the corn crop is beyond danger of frost throughout a wide area. In industrial lines the feature has been unprecedented activity in rail buying by leading companies, placing of further orders for rolling stock, the number of small purchases aggregating considerable volume of pig iron and steel, and stiffening in prices of coke and bituminous coal, this latter being regarded as a very significant item. Accompanied by marked activity in millinery, dry goods, clothing, shoes, hardware and lumber at leading western markets are reports of good collections. A feature deserving of note at present is activity in all lines of building material reported in the central west and northwest.

Wheat, including flour, exports for the week were 1,194,000 bushels, against 1,566,000 bushels last year; July 1 to date, 10,101,000, against 14,400,000 last year.

ENTERED PROTEST

Competing Firms Object to Award of Panama Conces- sion to Nebraska Man.

New York, Sept. 8.—Chairman Shonta of the Panama canal commission announced to day he had awarded the concession for feeding and housing the greater part of the canal employees to J. E. Markel, of Omaha, Neb. The amount involved in the contract, which covers a period of five years and will become operative as soon as Markel concludes certain preliminaries, is not disclosed, but runs into the millions of dollars.

H. Dillree & Co. and Hudgins & Dumas, both firms of this city, who were the only other bidders for the Panama concession, to day sent telegrams and letters to President Roosevelt at Oyster Bay protesting against award of the contract to J. E. Markel. At the same time they addressed letters to Chairman Shonta withdrawing their bids in the belief that this action might invalidate an award to Markel by leaving only one bidder in the field. In a statement given out to day the protesting firms declare the Panama contract involves no less than \$50,000,000. Hudgins & Dumas assert that after presenting their bid they received a letter from Shonta, in which he intimated their figures were too low and set forth a number of conditions which were not mentioned in the draft of the proposed contract on which the bids were based. They declare they were given only ten minutes in which to revise their bid and allege collusion in awarding the bid to Markel.

ACTION BY PFISTER

Indicted Milwaukee Millionaire Begins Suit Against His Prosecutors.

Milwaukee, Sept. 8.—On charges of conspiracy, Charles Pfister, millionaire capitalist, banker and newspaper owner of this city, began suit to day for \$500,000 damages against District Attorney Francis E. McGovern, Assistant District Attorney Henry F. Cochrane and Special District Attorneys Guy D. Coff and Otis. The complaint recites that for some years there has been a strenuous political contest between two factions of the Republican party, and the defendants in the suit are members of the faction said to be arrayed against Pfister.

COUNCIL DID NOT MEET.

A special meeting of the city council was called for Friday evening at 8 o'clock, but as only five members were present the session was not convened, as it requires seven to make a quorum. The meeting was called to consider the Burlington franchise ordinance and several Burlington officials were present, including Mr. Howard, the general agent of the company, of Chicago; L. W. Berry, of Beardstown, division superintendent, and the resident engineer. The five members present were Aldermen Hildreth, Tieknor, Cobb, Halgrove and Capps.

REMOVED BY THE PRESIDENT

PUBLIC PRINTER PALMER OUT OF OFFICE

Had Been Given Until 15th to
Tender Resignation—Ricketts
Chosen to Fill Place Temporarily.

Oyster Bay, Sept. 8.—President Roosevelt this afternoon took summary action in the case of Frank W. Palmer, public printer and head of the government printing office at Washington, by removing him from office.

Last Monday the president directed Palmer to send to him his resignation to take effect on the 15th inst. At the same time he directed him not to take any further action in the case of Oscar J. Ricketts, foreman of printing, and L. C. Hay, a division foreman in the government printing office, whose resignations Palmer had requested.

Palmer had given Ricketts and Hay until Tuesday to show cause in writing why the charges he had made against them should not be operative in removing them from their positions in event of their failure to resign. In direct disobedience of the president's instructions Palmer on the fifth, inst., notified Ricketts and Hay the time they might have in which to answer his charges would be extended until Saturday, the 9th inst. This was not only a violation of the president's specific instructions, but as the case of Ricketts and Hay had been placed in the hands of the keep commission for investigation, the president felt it was time to take positive action regarding Palmer. He therefore removed him from office by telegraph and directed him to turn over the government printing office to Foreman Ricketts, whom he has designated as acting public printer.

It can be said the appointment of Ricketts as acting public printer in not an assurance that he will succeed permanently to that office. The president has not determined yet whom he may appoint as successor to Palmer. It is not unlikely final determination of the question may depend to a considerable extent upon the result of the investigation into the affairs of the government printing office by the keep commission.

Rumors are current in Chicago & Alton circles of a general shakeup which is to take place in the near future. The changes involve the shifting of some of the highest officials of the operating department of the road and the creation of an entirely new office, that of general superintendent.

It is said that E. Ryder, the present superintendent of the eastern division is slated for this important office, and that announcement of his promotion will be made in a short time. At the present time his duties as superintendent of the eastern division which extends from St. Louis to Chicago, require that his headquarters be at Bloomington, but the establishment of the new office will require his removal to Chicago.

According to reliable information Mr. Ryder's place as superintendent of the eastern division will be taken by W. F. Corbett, who is at present acting as superintendent of the western division which extends to Kansas City, where his headquarters now are. His appointment to the place on the eastern division would mean his removal to Bloomington.

Mr. Corbett's place, according to the plan now under consideration, will be taken by W. B. Causey, who is at present acting as engineer of maintenance of way of the western division, with headquarters at Bloomington. All the changes are in the way of promotions for those mentioned, and the creation of a new office will doubtless mean a readjustment of present conditions along the road. BROOK & STICE.**OBITUARY.**

A recent copy of the Ashland (Ore.) Tidings says:

"C. C. Chappell died at his home on the Boulevard in this city, Monday evening at 8:15 o'clock, from an attack of heart disease, aged 50 years. He had had trouble with his heart for about two years, but the ailment appeared not to be serious until about three months ago, when he had to go to San Francisco for treatment in a hospital and was critically ill for a time."

"For three weeks preceding his death he was confined to his home most of the time and during the past week it was known he was a very sick man and his brother, A. B. Chappell, of Independence, Iowa, was called here by a wire message, arriving a few days ago. The brother's arrival seemed to greatly cheer up the

patient. Monday evening the brothers were alone in the room talking and the deceased appeared to be in good spirits when he exclaimed: 'I feel so curious! The brother noticed a contraction of the eyes, a quivering movement of the body and in a moment life was extinct.'

"Ashland loses an ardent admirer and substantial citizen by the death of C. C. Chappell, who at the time of his demise, was a member of her city council from the ward of South Ashland. When he came here four years ago, he had been traveling all over the coast looking for the spot which suited him best for a home. His choice was Ashland and he wrote to his brother: 'I have found the ideal spot for a home. It is Ashland, Ore.' And he set about at once to gratify his desires in the establishment of a home here. He bought land extensively, of real estate south-east of Ashland, and along the Boulevard and at the time of his death held six highly valuable pieces of land and residence property, two of them being 18-acre tracts; all of which have since been included within the corporate limits. He had faith in the future of Ashland, and expected all his land to be covered by residences within a few years."

"He built for himself the handsomest residence building, without a doubt, in southern Oregon. It has a pretty site at the corner of the Boulevard and Mountain avenue, and was completed and occupied by the family last spring."

"Mr. Chappell was not affiliated with any fraternal orders or societies. He was a member of the city council, serving his second year in that body. He supported all measures of public improvement and hoped to live to see Ashland realize the ambitious pretensions, which he claimed she had a right to entertain."

"The deceased was a native of Illinois, having been born at Jacksonville. Before he was of age he made a trip to the west, spending some time in Idaho. After his return to Illinois he went to New York city, where he became a broker and pursued the brokerage business there for twenty-five years, accumulating considerable wealth. He was married in New York in 1892 to Miss Lucy W. Kline, who survives him, and three sweet little girls, the product of this marriage: Helen, aged 12 years; Charlotte, aged 7, and Ruth, aged 5 years. He leaves also a brother, A. B. Chappell, of Iowa, who was with him in his last moments, and three sisters, Mrs. Schureman, of Jacksonville, Ill.; Mrs. Rapp, of St. Louis, Mo.; and Mrs. Craig, of Woodson, Ill."

"The regular meeting of the city council was adjourned Tuesday night, without transacting any business in deference to the memory of the deceased, and the council and city officials attended the funeral in a body to mark the official and personal respect the members entertain for their late associate."

"Services were held at the home of the deceased at 2:30 o'clock yesterday afternoon, Rev. M. J. Goodheart, of the Episcopal church, officiating. The attendance of neighbors and friends of the family was large. Mr. Goodheart spoke of two salient traits of character of the deceased. His ardent affection for his family and his abstention from adverse criticism of his neighbors. His love for his children was most marked and this quality bespeaks a generous heart and affection for all children. Mr. Chappell had not been heard to speak ill of any one. He observed charity and good will to his neighbors. The pastor also paid a tribute of respect to the deceased's enterprise and usefulness as a citizen of the place for which he had conceived a very great regard. His death was a distinct loss to the community. Interment was in Mountain View cemetery."

SAVE YOUR HEALTH.

It is a Work Saving and Some Jacksonville People Know How to Save It.

There are some people who take their lives in their hands by continuing to neglect their kidneys, when they know these organs need help. Sick kidneys are responsible for an immense amount of suffering and ill health, but there is no need to suffer or to remain in danger when all diseases and ailments arising from sick kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills.

Here is the statement of one Jacksonville person who has reclaimed good health by the use of this remedy:

A. H. Coffman, of West Morgan street, dealer in second hand furniture and stores, says: "Across my loins just over those organs there was a heavy aching pain. I could not rest long, either sitting or lying, and in the morning I always felt more tired and depressed than when I went to bed. The pains became more persistent and the kidney secretions were highly colored and irregular; in fact my general health was run down. I tried different medicines, but remained the same. Seeing Doan's Kidney Pills highly recommended I got a box at Dr. H. Lee Hatch's drug store and used them. They worked like a charm, giving a healthy and natural action to the kidneys and relieved my back of distressing aches and pains."

For sale by all dealers. Price 50 cents. Foster-McBarn Co., Buffalo, N. Y., sole agents for the United States.

COOK COUNTY'S TAXABLE VALUE. The total cash value of real estate and personal property in Cook county, as estimated by the board of review, is \$2,614,079,425. The assessed valuation of real and personal property in the county, figured on the basis of one-fifth of the cash value, is as follows: Real estate, \$519,679,244; personal, \$3,134,400. The personal property figures show a small decrease from last year, the board of review having wiped out the increase made by the assessors. The assessed value of real estate, however, has been increased \$4,700,000. The new law regarding scaling is effective this year, giving the city \$1.50 as a minimum and the county 60 cents. It is estimated that the result will be an increase in tax revenue for the city amounting to at least \$300,000.

GENEROUS GIFTS.

Gifts of \$25,000 each to the Y. M. C. A. and the Old People's home at Elgin, were announced by G. P. Lord. Including these sums the institutions have received more than \$250,000 from Mr. and Mrs. Lord. DOCTOR SUES SHERIFF.

Suit was entered in the circuit court at Lincoln Thursday by Dr. H. L. Cosby against James White, sheriff of the county, for the sum of \$1,250. The surgeon sues the official for the professional services he rendered one Samuel Hatchett of Chestnut, who several months ago was accidentally shot by the sheriff while attempting to capture the insane father of the one shot. Hatchett was shot through the stomach and bowels and his death was thought to be certain when White called Dr. Cosby and urged him to save the wounded man at all costs.

The festivities will continue over Sunday, during which the guests will eat, dance, drink and play pinocle. The following food supply was on hand when the festivities began: 1,500 pounds of meat; 200 ducks and chickens, four hundred of pickles; five barrels of sauerkraut; 100 gallons of gooseberry sauce, twenty gallons of chicken soup, three tubs of potato salad, 300 pounds of head cheese, 300 pies, 200 pounds of cake, fifty cases of beer, 100 boxes of cigars, thirty cases of wine. The death of E. C. Kreider marks the passing of a true man, Colonel Kreider was always forward in all public enterprises, enthusiastic in all good work, generous and loyal to his family, his home and his friends. Jacksonville has benefited by his residence here—morally and socially. He was a clean man, honest and upright. His death will be sincerely mourned by a wide circle—his friendship knew no class distinction—in the church, in business, in politics, in every part of our city. His death is to be mourned, but the city and its people are better for having known him.

STATE WINS SUITS.

First Assistant Attorney General Gillespie has won another victory for the state of Illinois in securing an injunction restraining the American Guild from using the name of the Yeomen of America, from advertising itself as the successor of the Yeomen of America, from collecting any dues issued on certificates of the Yeomen of America, or from interfering with the Yeomen of America in the exercise of its corporate rights, powers and privileges. The injunction was secured in the United States court at Chicago, where the case had been transferred from the circuit court of Kane county. The arguments for a temporary injunction were made before the master in chancery, who recommended that the injunction be issued. Judge Kohlman then heard arguments of the exceptions to the master's report and overruled them.

The consolidation of the American Guild and the Yeomen of America, which was undertaken, was resisted by the state on the ground that the Illinois law does not permit of the consolidation of a fraternal beneficiary society organized in this state with one organized in another state. The American Guild is a foreign corporation.

Another victory was secured for the state when Judge Hanley of Chicago remanded to the state penitentiary at Chester Ross Snapp, who sought his release through habeas corpus proceedings. Snapp was sent to the penitentiary from Mattoon, Coles county, and was afterward released on parole. He committed a second offense and it was necessary for an officer to shoot and wound him in an attempt to capture him. Snapp asked his release on the ground that the pardon board had paroled him for two years, when, under the rules of the board, a prisoner can be paroled for one year only.

DUTY TO BE NEAT.

President Wheeler of the University of California has the right idea. In talking to his boys he said:

"It is a part of your education to look prosperous. I don't want anybody to think he has to be dressed up to go to college, for we have no place for duds. In fact one of the distinguishing marks of this university is that it is an institution for the poor man's son. But a man can have his shoes blacked. He is by this a more self-respecting man, a better Christian, and better member of society. The wearing of slovenly clothes has no excuse. It does not make a man a better fellow or a more successful athlete. There is no reason why students should be dressed differently. We are not a peculiar people, monkish in our attire. We are a part of the world and we need not affect uncouth styles of hats for all occasions."

The Pacific ocean is merely the hole left in the earth when the matter which formed the moon was thrown into space by some mighty upheaval, according to Prof. W. H. Pickering, the astronomer of Harvard university, who has just returned from Hawaii. Prof. Pickering says that as soon as he saw the volcanoes of Hawaii he recognized them as near relatives to the extinct volcanoes on the moon, and therefore thinks the islands were a part of the former section of the earth which now forms the moon.

CAPTAIN KENNEDY INJURED.

Captain Kennedy of the night force was kept from his duties last night as the result of a slight accident suffered Friday. It could not be learned how the accident occurred, but it is understood that Mr. Kennedy was handling a shotgun when it was unexpectedly discharged, with the result that the butt of the gun struck him in the face, cutting a gash under one eye and on the side of his nose. The bandaging of the wounds required the covering of one eye, which incapacitated him for work.

J. H. DANSKIN

Desires to "Wipe Out the Evils of Factional Warfare."

Editor Journal: Six years ago the following resolution was adopted unanimously:

"Resolved, By the Republicans of Morgan county in convention assembled, that the people of Illinois will ever feel proud of the long, eminent and faithful services of Senator Cullom, whose record stands before the people spotless, and who, as a man is loved by his friends and respected by his political opponents."

Two years ago the following resolution was adopted by the Morgan county convention:

"We congratulate the people of Illinois that we have in congress, representing us and supporting the president, two United States senators of exalted patriotism, long experience and tried party loyalty, Hon. Shelby M. Cullom and Hon. Albert J. Hopkins."

In line with the foregoing I propose the following resolution for adoption by the Morgan county convention, soon to be held (coupled with appropriate resolutions of support and loyalty to the national and state administrations):

"Senator Cullom has served the public in various capacities for nearly half a century. During this long public career he has been actuated by that antique quality of virtue which has left no stain, spot or blemish on any part of his long and honorable public record."

"He is now chairman of the foreign relations committee of the United States senate—the most dignified and responsible position in that honorable body."

"For years he was chairman of the interstate commerce committee, of which he is yet a foremost member."

"He is in hearty accord with the president upon the living issues of the day, including foreign relations, regulation of the railroads in the interest of fairness both to the railroads and the people, and a protective tariff in the interest of all the people, as advised by McKinley's last speech at Buffalo."

"In view of the above, and in the interest of party harmony, be it Resolved, by the Republicans of Morgan county, in convention assembled, that such a career, full of useful service—at no time more efficient or valuable than now—is argument sufficient for his return to the senate by Illinois Republicans without a contest."

Such a course of action would go far to unite the party and wipe out the evils of factional warfare.
"Let us have peace."

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

CALLED BY DEATH

EDMUND C. KREIDER ANSWERED THE FINAL SUMMONS FRIDAY

Taken With Acute Illness Wednesday Evening—Few Friends Knew of His Indisposition—Shock to Community Is Great—Prominently Identified With Interests of City for Quarter of Century.

Postmaster for Past Eight Years—A Good Man and Worthy Citizen Gone to His Reward.

Edmund Cicero Kreider is dead. His life went out Friday evening at 8:30 o'clock after an illness of only two days. Few knew that he was ill until Friday afternoon and the fact that his condition was critical could scarcely be credited. The end came peacefully and Mr. Kreider was conscious to the last. All that medical skill could do was done to prolong life, but from the first his system failed to respond to treatment and his physicians felt Friday noon that the end was near. Death was due to acute congestion of the stomach and for the past ten years he had had frequent attacks of this trouble, but of a less violent character.

The death of Mr. Kreider removes from active participation in the life of the city a man who ever held the interest of Jacksonville dear to his heart, who never wavered in his loyalty to this community and who promoted its welfare by liberal contributions from his means and by his own personal work. He was progressive in his ideas, he always looked forward and his motto was to lend a hand. Unselfish, liberal in his views, firm in his principles, upright and conscientious in his business and social relations, he has stood for years a monument for honor and true manliness. Kind and loving in his family and devoted to the home circle and its sacred ties, he made a husband and father in all the deep significance of those terms. A firm believer in the Christian faith, Mr. Kreider practiced the principles of the cause he espoused and it can truly be said without fear of contradiction that a good man and true has gone to his reward, leaving behind him a life record that does honor to himself and his family, and an influence that will flow on and on, sweetening and blessing the legion of friends who have been privileged to come within the circle of its touch.

Mr. Kreider had been a sufferer from acute attacks of indigestion for the past ten years and had not been feeling well for a week previous to his death. On Wednesday he went to Alton and St. Louis on some business, and returned home Wednesday evening suffering considerable pain. He retired at once, but his condition became so acute that the family physician, Dr. W. K. McLaughlin, was summoned about midnight. His son, Dr. George N. Kreider of Springfield, was notified of his illness Thursday morning and came over on the morning train. He returned on urgent business Thursday evening as his father seemed to rally somewhat, although it was the opinion of both physicians that his illness was of a severe character. Friday morning Mr. Kreider seemed to improve, but about 11 o'clock he suffered a complete collapse and Dr. J. W. Hairgrove was called in consultation. Dr. Kreider was notified of the sudden change for the worse and was fortunate in finding William Hook with his automobile just starting from Springfield for Jacksonville and Dr. Kreider reached here about 3:30 in the afternoon. The patient was apprised of his condition and with affectionate words bade the members

of his family, who were at home, and a few friends who had the opportunity of calling, a last farewell.

He was conscious to the last and his final hours were free from acute pain.

William Kreider arrived from Roodhouse about 6 o'clock and was at the bedside of his father when the end came. His daughter, Miss Phoebe Kreider, is on her way from Portland, Ore., and was expected to reach St. Paul Friday afternoon. Other members of the family are expected to arrive to day and the funeral will probably take place Sunday, the time depending upon the arrival of his daughter from the west.

Edmund Cicero Kreider was born in Lancaster, Ohio, Feb. 23, 1835, and was the son of Dr. M. Z. Kreider. His early life was spent in his native town and as a young man he attended college at Ohio university, at Athens, Ohio. The death of his father compelled him to forego the privilege of completing his course and in 1855 he commenced his business career. On July 20, 1855, he was married to Mary Gates of Lancaster, Ohio, and to this union two children were born, George N. Kreider and Miriam B. Kreider.

In 1857 Mr. Kreider left Lancaster and went to Cedar Rapids, Iowa, where he was in the banking business for two years. He returned to Ohio in 1859 and became manager of a division of the Western Stage and Overland Express company, then in operation from Wheeling, W. Va., to St. Louis. Nov. 7, 1861, death came into the family circle and the wife and mother died. In 1863 he entered the union army, serving until 1864, when he engaged in the milling business at Logan, Ohio. Jan. 1, 1866, he was united in marriage to

EDMUND C. KREIDER.

Mary McDowell of Portsmouth, Ohio, who survives him. In March, 1869, Mr. Kreider removed to St. Louis, Mo., and in February of 1870 came to Jacksonville, which place had since been his residence.

Upon coming to this city Mr. Kreider purchased the City Mills from O. D. Fitzsimmons and a few years later a partnership agreement was entered into between Mr. Fitzsimmons and Mr. Kreider, resulting in the establishment of the Fitzsimmons-Kreider Milling company, which partnership continued until severed by the death of the former some five or six years ago. Since that time the business has been conducted under the same firm name, Mr. Kreider continuing the business head of the enterprise.

During his residence in Ohio Mr. Kreider made many friendships that even after his removal from the Buckeye state remained firm and true. Numbered among these friends was the late President William McKinley. When the latter entered upon his term as president for the first time he nominated Mr. Kreider for the postmastership in this city. The appointment was at once confirmed and since Feb. 16, 1898, Mr. Kreider had been the head of the local post office. His administration has been marked by a progressive spirit and during his term of office many improvements in the service of a substantial character have been made.

Mr. Kreider took the initial steps that resulted in the county rural free delivery service, and through his frequent visits to Washington and his unyielding persistency the government building for this city ceased to be a dream and has become a reality. The local postoffice was one of the first in the state to keep its stamp department open all night and many other instances could be noted where the enterprise and energy of Mr. Kreider have left their impress. His relations with the employees of the office have ever been of a most cordial character and to all of them a personal loss will be felt in his death.

Mr. Kreider ever identified himself with the interests of Jacksonville from the inception of his residence here. He gave his support to every business proposition that would help the commercial prosperity of the city. He labored in season and out for the public weal, often at great personal sacrifice of his time and money, and he never withheld his support from any enterprise that had for its object the advancement of the public good. He was the kind of a citizen that put his shoulder to the wheel and he pressed earnestly forward and endeavored to animate others with the same enthusiasm that was born of his own buoyant spirit.

Mr. Kreider was a member of the city council from the Second ward from 1887 to 1889 and served the ward with credit. While a member of the council he was instrumental in securing a franchise for the Natural and Fuel Gas company, a company that was organized about the time of the sinking of the Capps artesian well at the Wabash depot, when it was thought there was a possibility of natural gas deposits being found as a result of the borings.

In 1873 he was instrumental in the organization of the Jacksonville Car Works, a company that was incorporated for \$40,000 and occupied five acres with their plant just southeast of the present freight depot of the Burlington road. Mr. Kreider was the first president of the company. The car company later became the car shops of the J. S. E. railroad and again, at a later period, were consolidated with the present shops north of the city.

In fraternal circles Mr. Kreider was best known through his intimate association with the Masonic fraternity. He was identified with the institution of Masonry in Ohio and his membership in the blue lodge and chapter ever remained with his home lodge. He joined the Hospitalier Commandery, Knights Templar in this city and was a past eminent commander. He had served the organization as prelate for over a score of years and his eloquent words spoken at the bier and grave of departed Templars will be keenly missed by his brother knights.

His religious affiliation was with the Grace M. E. church of this city and he took an active interest in all that pertained to the growth and development of that society, and represented the organization as a lay delegate at many of the church conferences.

In milling affairs, not only in this locality but of the state, Mr. Kreider was a factor and he was known as a man whose opinion and judgment were valuable. When the Illinois Millers' association was organized about a decade ago, Mr. Kreider was made president of the organization, a position he continued to hold until the time of his death. He was also a director and member of the executive committee of the Millers' Mutual Insurance company of Alton, Ill. At the time of the organization of the Jacksonville Journal company, about a score of years ago, Mr. Kreider was actively interested in the formation of the stock company and was president of the company from the time of its organization until a few years ago.

In politics Mr. Kreider was ever a staunch Republican and he served his party with a zeal and earnestness of purpose that made his contributions to party success highly valued.

For over thirty years he had occupied his present residence, 320 West State street, and it has been a home indeed. By the hand of Providence the moving spirit has been taken from it. He will pass from within and without its portals no more, but his memory will abide, a blessing to his family and a benediction upon his friends scattered far and wide over this and other communities.

Mr. Kreider is survived by his wife, a companion for nearly forty years and who, in this hour of sadness and sorrow will have sympathy and consolation from kind and loving friends; five children: Dr. George N. Kreider of Springfield, editor of the Illinois Medical Journal; Miss Miriam B. Kreider of Springfield, John N. Kreider of St. Louis, Miss Phoebe Jefferson Kreider of this city, Edmund C. Kreider, Jr., of Memphis, Tenn., and William C. Kreider of Roodhouse. He is also survived by a half sister, Mrs. H. W. Wynkopp of Lancaster, Ohio, and a nephew, Harry Kreider Wheeler of Los Angeles, Cal.

The funeral will probably take place Sunday, but more definite announcement will be made later.

Mrs. George N. Kreider arrived in the city from Springfield on the Friday evening Wabash train.

CONDENSED STORIES.

Marvelous Effect of a Realistic Organ Recital.

Andrew Carnegie's adviser in all matters pertaining to pipe organs was the late Frederick Archer, an English organist, who gave recitals weekly at the Carnegie Music hall in Pittsburgh.

One Saturday evening Mr. Carnegie attended Archer's recital and was enraptured with the rendition of a descriptive piece which depicted a terrible storm. The howling of the wind, the surf's roar and the

"IT WAS GRAND," DECLARED MR. CARNEGIE.

frequent crashes of thunder were realistically portrayed upon the majestic organ.

"It was grand," declared the iron master enthusiastically as he greeted the organist at the recital's conclusion.

"You wouldn't believe, though," responded Mr. Archer, "that on one occasion I played that piece on a small church organ with a most complimentary result. In fact, I don't believe that I ever rendered it more naturally in imitation of the raging elements."

"What!" ejaculated the famous philanthropist. "You played that number more perfectly on a small church organ than you did tonight on that great instrument?"

"Yes," replied Mr. Archer sadly. "On that occasion when I made ready to leave the church I found that my umbrella was missing."—New York Times.

MAITREY & LLOYD.

(By Associated Press.)
Chicago, Sept. 8.—Wheat—Trade only of moderate volume, mainly local. The situation at the start was easy, influenced chiefly by improved weather and more favorable advices from the northwest. Selling was mainly by old traders. At the session advanced the tone became firmer, partly as a result of bullish export advices. Another factor that exerted considerable influence was improved export demand, southeast to day reporting selling was fairly brisk for export. The market closed strong, December up 1/4¢.

Corn.—The market was easy early in the session, influenced by more favorable weather and by bullish crop reports from Kentucky and Missouri. Later the market became firmer in sympathy with strength in wheat and closed at the highest point of the day, with December up 1/4¢.

Oats.—The market had stronger undertone, largely the result of excellent export demand. Firmness of other grains helped stimulate demand. The market closed at the highest point of the day, December up 1/4¢.

ENTERED INTO REST

Mrs. Harry E. Wadsworth Passed Away Friday Evening After Prolonged Illness.

Mrs. Harry E. Wadsworth entered into rest Friday night about 11 o'clock, after a prolonged illness of over six months duration. The end was peaceful with the members of her family gathered at the family home at 903 West College avenue.

The death of Mrs. Wadsworth removes from active life a member of one of the most prominent families in this community, a woman of marked graces of character whose devotion and piety were ever held in affectionate regard by family and friends.

Early in the summer Mrs. Wadsworth was taken to Harbor Springs in the hope that the cool northern air would be of benefit, but the change proved of no avail, and two weeks ago she was brought home that her last hours might be spent amid the scenes and surroundings she had loved and cherished.

Nellie F. Farrell was born in this city March 15, 1862, and was the daughter of Felix G. Farrell and Mary Jane Dunlap. Her parents, at the time of her birth, resided in the property now known as 613 East State street. Her entire life was spent in this city and her education was obtained at the Jacksonville Female academy, of which institution she was an alumna.

She was married Dec. 22, 1883, to Harry E. Wadsworth of this city, at the home of her parents, 605 West State street. She was a member of Grace M. E. church and her sympathy was actively enlisted in the work of that organization and its auxiliary societies.

SUDDEN DEATH

OF J. A. PARSONS

Suffered Apoplectic Stroke at Mendota Early Friday Morning and Died at Noon—Remains Arrived Here at Midnight.

The entire community was shocked Friday afternoon by news of the sudden death at Mendota, Ill., of James A. Parsons, of this city, who was seized with apoplexy Friday morning about 8:30 o'clock, and quietly passed away three hours later. The remains were brought to this city Friday night on the "Hummer" and were at once removed to the residence, 1136 West State street.

Mr. Parsons, who was an insurance adjuster, spent a great deal of his time out of the city. He left Tuesday on a trip and arrived in Mendota Thursday afternoon. Upon his arrival there he went to the Union Depot hotel, where he was in the habit of stopping, but found it full, and leaving his baggage there spent the night at the Warner house. He retired as usual, evidently in his accustomed health, and upon arising in the morning went to the Union Depot hotel to secure his baggage previous to taking a train out of the city. Upon his arrival at the hotel, about 8:30 o'clock, he was seized with a sudden sickness and sank into a chair. His last words were to call a physician, and Drs. Cook and Corbus were hastily summoned. Their efforts were without avail, however, and he passed away at 11:30 o'clock, without regaining consciousness.

Mrs. Parsons was notified by wire of the serious illness of her husband and left on the afternoon train for Mendota. Upon her arrival at Oglesby, however, she heard that the end had come and stopped in that city, returning with the remains on the "Hummer" last night. H. A. Bent, of Oglesby, a brother-in-law of Mr. Parsons, went to Mendota upon receiving word that death had resulted, and accompanied the remains to Oglesby, where he was joined by Mrs. Parsons and her mother, Mrs. Julia Roberts, who has been visiting there, and at Petersburg the sad party was joined by D. W. Frackleton, a brother-in-law of Mrs. Parsons. Upon the arrival of the remains in this city they were taken at once to the residence.

James A. Parsons was born in the state of Maine, the son of a Congregational minister. He afterward lived in Dover, N. H., and in Derry, the same state, where his widowed mother now lives. He came to this state about the year 1870, and resided for a time at Greenville, Bond county. After a short residence there he removed to this city, which had since been his home. He entered the employ of the Forest City Insurance company of Rockford, Ill., in its infancy and has been connected with that company as insurance adjuster for about twenty years. He was a member of the Congregational church of this city.

The decedent was married to Miss Harriett Chittenden of Greenville, who entered into rest two years ago, leaving one daughter, Miss Harriett C. Parsons. He was again married a few months since to Miss Mary Roberts of this city, who survives.

Besides his wife, his mother and his daughter, Mr. Parsons leaves two sisters, who live in Massachusetts, and several brothers.

The arrangements for the funeral have not been made and announcement will be made later.
